

**MIXED-SIGNAL/RF SUBCOMMITTEE MINUTES
AMS/RF SPICE MODEL CHECKLIST WORKING GROUP**

Date: December 17, 2007

Location: Teleconference

Time: 10:00AM PST

Attendees:

- Chelsea Boone – GSA
- Samir Chaudry - Jazz
- Sebastian Schmidt – X-Fab
- Roberto Tinti – Agilent Technologies, Inc.

Summary:

- Need to survey both the foundry and fabless community to track adoption and user satisfaction.
- Current Model Checklist Components are available at:
<http://www.gsaglobal.org/subcommittees/msrf/model.asp>

Discussion Items:

- Need to survey the foundry community to find out (1) how long it takes to fill out the checklist (2) improvements that could be made to the checklist (3) how complete the checklist is, etc.
- Need to survey the fabless community to find out (1) what they think the working group's next step should be (2) if the content is easy to read and comprehend (3) if there is too much documentation, etc.
- The working group will also create a table that will be posted online to show which foundries have adopted the checklist, what version, support contact, etc.

Next Meeting for AMS/RF SPICE MODEL Checklist Working Group:
