

## **MIXED-SIGNAL/RF SUBCOMMITTEE MINUTES PDK CHECKLIST WORKING GROUP**

**Date:** June 24, 2008

**Location:** Teleconference Only

**Time:** 10:00AM PDT

### **Attendees:**

- Thomas Moerth – Austriamicrosystems
- Chelsea Boone – GSA
- Joerg Doblaski – X-Fab
- Jingwen Yuan – Synopsys
- Robert Milkovits – Jazz Semiconductor

### **Summary:**

- Discussed our proposal for the next version of the PDK Checklist and Users Guide, which will address the transition to OpenAccess.
- Current PDK and Model Checklist Components are available at:  
<http://www.gsaglobal.org/subcommittees/msrf/index.asp>.

### **Discussion Items:**

- Discussed the description about the new table in the Users Guide. Need to reword content.
- Should we rename "Reference PDK" to "Compatible 5.1 PDK"?
- Reference PDK: If not compatible then state in the form
- Callback Language: tcl, ...
- cdf: tcl, orion,
- How could we describe the differences of PDKs for different software vendors (How did the PDK change from the previous version?) Do you need to create a PDK Checklist for every vendor?
- We need to contact other software vendors that create OA-based software to get their input on the Checklist.

### **Next Meeting for PDK Checklist Working Group:**

The next meeting is scheduled for September 23, 2008 at 10:00AM PDT.
